Condition Governing Title III, Part A Title III, Part A: Language Instruction for Limited English Proficient and Immigrant Students

Improvement Plan Addendum (IPA)

Pursuant to Section 3122(b)(4), the OSSE is mandated to require LEAs that have missed the Annual Measurable Achievement Objectives (AMAO) for 4 consecutive years to develop an improvement plan addendum (IPA) that will outline programmatic modifications to ensure that they meet such objectives. Based on the most recent AMAO determination, SY 2011-2012, your LEA missed the AMAO for 4 consecutive years. Consequently, it is required that your LEA submits a fully approvable IPA with your Title III, Part A grant application, whether it is through unconsolidated or consolidated application (ConApp).

Corrective Action Plan (CAP)

Per OSSE memorandum dated January 4, 2013 and thereafter memoranda regarding Title III, Part A monitoring, the OSSE conducted desk- and on-site monitoring reviews of your LEA's Title III, Part A-related activities. Based on these reviews, your LEA has been provided technical assistance and monitoring reports that listed elements of non-compliance (Findings). Consequently, your LEA is required to develop a Corrective Action Plan (CAP) to rectify identified Findings. Your LEA is required to submit a fully approvable CAP to guarantee reimbursement of Title III, Part A-related expenditures, whether through unconsolidated or consolidated application reimbursement request.
